

Chemistry

Background:

Chris Henry is an Assistant Scoutmaster at Troop 344. He is also an analytical chemist at GlaxoSmithKline and a member of American Mensa. Chris has a BS in Chemistry with a minor in Biochemistry from Clemson University.

Prerequisite:

All scouts need to bring an empty 20oz soda or Gatorade bottle for a science experiment in the afternoon. If they like, they can bring the bottle as part of their lunch and we'll use it after they empty it as part of their meal.
